

Instructions For Use

Cavex Bite&White StainLess

Product description

Before starting a dental whitening treatment, it is very important to properly clean the teeth to ensure an optimum whitening result.

Cavex Bite&White StainLess is a Teeth Whitening Activator & Stain Removal Paste. It removes surface stains and plaque from teeth. Besides it enhances whitening treatments by optimizing the pH in the mouth.

- Mildly abrasive to enamel / dentin
- High cleaning and polishing values.
- Increases mouth pH as pre-treatment for teeth whitening.
- Not intended for regular use.

Composition

Aqua, Sorbitol, Hydrated silica, Glycerin, Erythritol, Lithium magnesium sodium silicate, Poloxamer, Sodium hexametaphosphate, Cellulose gum, Xanthan gum, Phenoxyethanol, Sodium saccharin, Mint aroma, Limonene, CI 42090

Indication for use

The paste is used as a pre-treatment activator for in-office and/or at-home tooth whitening.
